COVERING WASHINGTON TOWNSHIP, ALAMEDA COUNTY, CALIFORNIA, INCLUDING
ALVARADO, CENTERVILLE, DECOTO, IRVINGTON, MISSION SAN JOSE, NEWARK, NILES, WARM SPRINGS

FIFTY THREE YEARS OLD | THE TOWNSHIP REGISTER, NILES, CALIFORNIA | FRIDAY, DECEMBER 19, 1941 | NUMBER 51

NURSING SERVICE FOR TOWNSHIP IS ORGANIZED

CENTERVILLE — The first women's group in Washington Township to mobilize for the emergency since the declaration of war is the Nursing Emergency Service organized under the direction of the Alameda County Health Department, which includes approximately 30 graduate nurses residing here.

Groups of under-graduate nurses and lay women will assist the nurse who has been placed in charge in each of the eight towns of the Township. Headquarters will be at the Centerville district office of the county health department with Mrs. Edna Ebright, local public health nurse as chairman.

The Nursing Emergency Service will work in cooperation with various departments of the Civilian Defense Council. Frank T. Dusterberry, president of the Washington Township Red Cross Club has secured a Red Cross emergency box for the local headquarters and duplicates will be made to be placed in each school. Nurses are now contacting residents of the respective communities for donations of old linens which will be used for bandages and dressings, heavy materials such as canvas or cretonne for weight covers, bedding and cots and hospital equipment. All these articles are to be kept at home, however, until specifically called for, Mrs. Ebright emphasized, as there is no central depository.

Ready for any immediate emergency are more than two dozen beds in local hospital units. All necessary space for setting up emergency hospitals can be secured in schools, lodge halls and private homes.

Women who wish to aid in this program should contact their town chairmen listed below or the Red Cross sewing room chairmen also named below.

The Emergency Nursing Service is preparing not only to take care of whatever may arise here due to war conditions but has a long-range plan for after-the-war. According to Miss Matilda Harris, chief nurse of the Alameda County Public Health Department the Red Cross is not planning to furnish nurses for outlying districts until the local supplies are exhausted and in fact probably will not be able to do so then as hospitals in the cities will use all available nurses.

It is hence up to our community to set up our own nursing service, Mrs. Ebright points out. Plans are being made in conjunction with the night school under the principalship of Barton Webb to organize classes in home hygiene and care of the sick. Women interested in such classes may notify their town nurse.

Graduate nurses in charge of the towns are Mrs. W. L. McWhirter, Centerville; Mrs. Vernon Willard, Alvarado and Alviso; Mrs. Alwin Searles, Decoto; Mrs. Allen Walton, Irvington; Mrs. George Coefield, Mission San Jose; Mrs. E. C. Grau, Niles; Mrs. Edward Westphal, Newark. An appointment is yet to be made at Warm Springs.

Chairmen of Red Cross sewing rooms which will furnish bandages and dressings for the Nursing Emergency Service are Mrs. A. M. Alves of Niles, Mrs. Fritz Waltenberger of Centerville, Mrs. Rebecca Logan of Alvarado, Mrs. Lesda Brown of Newark, Mrs. Emma Amaral of Decoto and Mrs. Carl Christensen of Irvington. Mrs. F. V. Jones is general chairman of sewing rooms.

OUR WORLD OR HIS?

The Nazi lance corporal, hurling the hand grenade before a humble house in flames, is screaming, according to caption at lower left: "I or you!," echoing Hitler's speech of Dec. 11, 1940: "One of these worlds must break asunder." This is the cover of a recent issue of "The War Force," published by the German High Command. Unretouched photo was furnished by Fight for Freedom Committee.

DRIVING IN BLACKOUTS IS A MISDEMEANOR . . .

Civilian defense authorities and law enforcement officials sounded a warning to the public today that all automobiles must be parked off the main traveled portion of all roads and highways immediately upon the sounding of air raid warnings.

Ralph E. Hoyt, Alameda County District Attorney, who heads the county defense council, warned that violations constitute a misdemeanor under the present Motor Vehicle Code, Section 585, which authorizes peace officers to remove by towing any vehicles abandoned on the main traveled portions of thoroughfares.

Uniform blackout ordinances now being enacted by cities and counties throughout the state amplify the motor vehicle law to cover blackouts as follows: Upon the sounding of air raid warning signals, motorists must pull over to the curb or off the main traveled section of the thoroughfare immediately. They may allow the running lights to remain burning until they have parked their cars, whereupon they must be extinguished at once.

The new ordinance requires motorists to park their cars and extinguish lights before completion of the air raid warning. Two minutes are technically allowed for the operation. Violations of this ordinance constitute a misdemeanor carrying jail sentences up to six months, a $500 fine, or both. Parking on the main traveled portions of thoroughfares still constitutes a misdemeanor under the Motor Vehicle Code.

Strict enforcement of the law was promised by all police departments in Alameda County to prevent the blocking of any thoroughfares for fire apparatus or other emergency equipment.

SHERIFF'S DEPUTIES TO LIST RESIDENTS

ALVARADO — Nearly the entire corps of 120 sheriff's deputies of Washington Township met in the school here Monday evening to receive instructions from Sheriff Gleason and Deputy Webb of Hayward. Felt arm bands bearing the official blue "C.D." seal and the words "Sheriffs Deputy" in black letters, were issued.

The men were instructed to take a census and keep a written list of the numbers of persons living in every house in their towns, so that in case of accident, the number of occupants in the house will be known.

The proper title for this corps is Sheriff's Deputies, not Deputy Sheriffs, who wear uniforms and are on full-time duty; nor Special Deputies, according to E. G. Glassbrook, chief of the Niles Division. The Deputies are authorized to carry arms when on duty, and their cars will be classed as official emergency vehicles during air raid alarms.

Don Bates of Centerville is Township chairman and J. C. Wasley of Alvarado is secretary of this special group. The voluntary patrol started last Saturday by the Deputies has been discontinued on advice of the Sheriff who said the Deputies should perform their duties in their own towns.

PLEASE CONSIDER . .

In the haste and pressure of these present days it is not always possible to secure entirely accurate information on the many Township defense activities, particularly when orders governing these activities are frequently changed overnight. Readers' patience is asked, and errors reported in a current issue of this newspaper will be corrected in the next issue. This early confusion is rapidly rectifying itself as groups and agency heads are being established and the details of our undertaking clarify from day to day. Thank you! — Your editor.

Howdy Folks; We heard about a dog catcher with a wooden leg. At first, it was hard to imagine how a dog catcher with a wooden leg could catch many dogs.

We asked one of the boys in the barber shop about it and he figured that the dog catcher just stood on the corner and waited for the dogs to come to him.

When you buy a dog, be sure to buy one that doesn't cost much because bargain dogs never bite.

We offer sweet bargains in Christmas gifts.

Hundreds of customers right here in Niles will tell you that we have good buys.

DOCTORS PLAN TO USE LEGION HALL FOR EMERGENCY

The Doctors and their wives of Washington Township met for a dinner meeting Wednesday evening at the International Kitchen near Niles to decide on certain matters respecting their activities in case of local disaster or epidemic.

The doctors agreed to use the Memorial Building at Niles as their headquarters in case of disaster, and use it for emergency hospital purposes. Following treatment of patients those least hurt could be removed to cots erected in school buildings where nurses would be in attendance.

Dr. George Holeman has been named as chief of the Doctors group which includes Drs. E. M. Grimmer, E. A. Westphal, L. H. Buehler, E. C. Grau and W. L. McWhirter. Dr. and Mrs. Grau were prevented from attending the meeting at the last moment.

Mrs. McWhirter as chief of nurses for Centerville only is having a meeting of her group next Thursday night.

RAINFALL IS 5.78

The big blow and heavy rain of early Monday morning brought an added 82/100 of rain to this district bringing the total to 5.78 inches up to Thursday morning, according to records kept at the Southern Pacific Station at Niles.

SCUDDER IS SAFE

Doremus Scudder of Niles, stationed with the Fleet at Pearl Harbor is safe in the Hawaiian Islands, according to word received by his mother Mrs. Dora Mae Scudder at Niles.

NO MILITARY INFORMATION . .

After this issue The Township Register will publish NO NEWS of the visits of soldiers to their homes in this Township; nor of the arrival of troops for duty at any given point; nor of assignments of our State Guard company, when and if it gets mustered in. This is all military information, and is hereafter prohibited according to orders just received by your Editor from the Adjutant General's Office. Correspondents please notice. — W.W.

NEWARK PEOPLE URGED TO FOLLOW SIREN SIGNALS

NEWARK — Newark people are notified to take notice of the sounding of the siren at the Newark Fire Station for air-raid warnings and regular fire alarm calls. The air-raid signal proved to be about ninety percent efficient at the first official blackout in Newark Friday evening from seven-thirty to ten o'clock.

The up and down sound or variable wail of the siren for a two-minute period will be the signal for the blackout and to take cover. "All clear" signal will be sounded by the blowing of the siren at the same pitch for two minutes.

Fire alarms will be sounded as uusal by five blasts of the siren. The public is advised to use the fire box outside the fire station for fire when necessary. The public may also telephone the fire station, Newark 5151, for fire during the evenings as there will be firemen on duty during this national emergency period.

ALBERT SILVERIA VOLUNTEERS FOR AIRPLANE DUTY

WARM SPRINGS — Albert Silveria, for the past two years manager of the highly successful Washington Township Softball Association holds a civilian pilot's license His plane is grounded in San Jose, along with all civilian planes.

On Saturday Silveria volunteered his services to the Sheriff of Santa Clara County, and that of his private plane, for possible future observation or reconnaisance work as directed for the Sheriff by the Army.

Five other private fliers who own planes in Santa Clara and Southern Alameda Counties it is hoped will join Silveria in establishing a special air unit for civilian-milttary use in the San Jose area.

LIGHTED XMAS TREE CONTEST "BLACKED OUT"

The lighted outdoor Christmas tree contest sponsored in the Niles School Ditrict by the Niles Junior Chamber of Commerce has been cancelled, according to President Ed Enos.

An executive committee member attending the Special Deputies meeting held Monday night at the Alvarado school laid the matter before Sheriff H. P. Gleason and Deputy Webb, both of whom advised against the public showing of brightly lighted displays, particularly since the use of Neon signs had been ruled out by State Civilian Defense authorities.

The matter of obliterating the conspicuous NILES sign up on the hill has been referred to Fourth Army authorities for a ruling.

DISASTER COUNCIL TO BEGIN WORK SUNDAY AFTERNOON

CENTERVILLE — The permanent organization of the Township-wide Disaster Council, supplementing and enlarging the emergency relief activities of the Township Red Cross chapter will take place Sunday afternoon at 2:30 o'clock in the Justice courtroom at Centerville.

A permanent Chief will be elected and it is anticipated his job will be a full-time one until our various safety activities are fully organized, manned, trained and correlated.

Men and women holding key positions in the Township's emergency set-up are urged to attend. This is not designed as a public mass meeting, in order that work may be embarked upon and completed as quickly as possible.

NAVY LOWERS ITS PHYSICAL REQUIREMENTS

Applicants Rejected For Minor Defects May Re-apply for Re-examination

A relaxation of physical standards for enlistments in the U. S. Navy and the Naval Reserve was announced this week by the Navy Department. In commenting on this action, the Navy Department announcement stated that numerous men who in past months have sought to enlist and have been rejected on the basis of minor physical defects will, because of the modification of physical standards, be encouraged to re-apply for enlistment in either the regular Navy or the Naval Reserve for the duration of the emergency.

The Navy Department has requested that any person knowing of young men who had been barred from enlistment in the Navy or the Naval Reserve because of minor physical reasons should bring this modification in physical requirements to the attention of these young men.

The Navy says the following correctible physical defects will not now bar men from enlisting: varicose veins and hydrococele; hernia, if applicant's I. Q. is 75 or better; seasonal hay fever; nasal deformities; underweight or undernourishment not of organic origin; and minor defects which surgery can correct within a month.

Applicants who possess only 18 natural teeth, so these teeth are serviceable, can now be accepted for enlistment.

Any applicant who has been rejected because of any of the defects noted above is urged to reapply for enlistment in the Navy or Naval Reserve immediately.

All applicants accepted with defects requiring correction will be hospitalized. After correction of these defects recruits will be returned to their Training Stations at the earliest practicable time.

These modified physical standards will apply for all applicants for enlistment in either the regular Navy or the Naval Reserve with the exception of applicants for enlistment in classes for prospective commissioning.

THE O.C.D. SHOULD BE MILITARIZED

* * * *

WALTER LIPPMAN, in his syndicated column on Tuesday said;

Our Office of Civilian Defense as now administered by Mayor La Guardia and Mrs. Roosevelt is not remotely adequate . . . It should be placed under the jurisdiction of the War Department and administered by an assistant secretary of war for home defense . . The civilian population in the threatened areas on the Pacific Coast must be organized ALONG MILITARY LINES to protect itself and its vital industries . .

The O.C.D. as now organized can only issue appeals. Effective civilian defense must be placed under the authority of a commandant who can ISSUE ORDERS. It should be co-ordinated with, but subordinated to, the Army and directly responsible to the war cabinet itself . . .

All the activities now depending upon vountary and LOCAL INITIATIVE among the mass of our people must be carried forward along military lines to inspire LOCAL self-help and personal SELF RELIANCE.

Our armed orces must be left free to engage and combat the enemy . . . Civilians must be prepared morally and spiritually to take what punishment may be administered to them by the enemy, punishment which they cannot protect themselves against . . etc. etc.

Mr. Lippman expresses the same idea of the total necessity for civilians taking COMMAND of themselves here and now which animated your editor to call a meetoing of key-civilians last Sunday at the high school. The plan is now developing into a permanent Disaster Council with a Chief and an authoritative Staff which organizes and gets to work this Sunday in the justice courtroom at Centerville.

This is NOT to be a mass meeting, though men and women in key positions in Washington Township's disaster and safety ativities are urged to attend and participate in laying out and immediately executing a plan to safeguard the lives and property of our 13,300 American citizens. — W.W.

"WHAT'S IN A NAME?"

* * * *

Answer: IDENTITY

Some persons, particularly women, are objecting to calling our Township emergency governing body a "Disaster Council." They believe the word "Defense" would be gentler and less alarming to the public.

So it would. At the time the OCD (office of civilian defense) was organized, we were not at war. The government was planning only defense.

Now we are at war, and disaster may be imminent. The Washington Township Council will only function in case of disaster; the Army, Navy and State Guard furnish our military defense.

The new Council is not a defense council . . if the enemy starts running over our fair land we won't have much defense, or any Council at all.

If bombs, fire, bombardment or epidemics cause local disasters, then our Council functions. It can't be anything but a DISASTER Council. Our armed forces are our defense

As for needlessly (?) alarming our civilian population, especially the ill and aged, this is unfortunate, but incidental to the larger objective of being ready and able to minister to those actually hurt.

A stiffening of civilian morale in advance of an emergency is good practice . . and old fashioned prayer still offers an avenue of solace and strength to those who "greatly quake and fear."

A PROPHESY

* * * *

A certain radio broadcaster always goes off the air with a prophesy.

If your editor may make a prophesy it is that Italy will be the first nation to sue for a separate peace. The condition of the Italian civilian population, and the naval losses being sustained by Italy, are nothing short of terrible.

Mussolini gave a pip-squeak the day Adolph declared war upon us, and that no doubt will be the last heard of Benito. The Italian people hate the Gestapo, the nazis admit the Italian soldiers are a drag on their operations . . and Italy has nothing further to gain, and everything to lose, including its national existence, by continuing as an axis partner.

In the course of time Japan will realize this, too. Reporters already state there is no love lost between nazi agents in Japan and the Japanese tacticians.

Its a case of "dog eat dog". The Allies, about to establish a Supreme Command, happily do not fall in the category of international brigands.

SANTA CLAUS CAN HELP AMERICAN DEFENSE! This poster, drawn by J. W. and W. J. Wilkinson, a father and son artist team of Baltimore, reminds Americans that they can help the Defense Program this Christmas by giving Defense Bonds and Stamps in addition to the usual present. Nation-wide distribution of this poster has been made, especially in the windows of 500,000 retail stores where Defense Stamps—for as low as 10 cents—are now on sale.

BARKING DOGS . . .

* * * *

The council of a nearby city is passing an ordinance requiring the immediate tying up by owners of loose dogs the minute an air raid alarm sounds. Fines are established for non-compliance.

Here in the eight communities the loose dogs in Washington Township, sensing something exciting when the lights go out, have already made themselves a nuisance to black-out officers, but particularly to observers with their ears keenly tuned to possible air activities overhead.

Loose dogs, running around and barking excitedly during blackouts are a definite hazard to public safety.

Here is another matter for the new T. D. C. (Township Disaster Council) to take firm action upon. The safety of our citizens, in emergency, comes before the lives of pet dogs.

Dog-owners can co-operate by calling in and confining their pet dogs immediately after they extinguish their lights, after an air alarm is sounded.

OFFICIAL ANNOUNCEMENTS

* * * *

(From the Office of Government Reports, Washington, D.C.)

The War Department asked all Governors to be "on the alert" with State Guards and home units available to meet any situation; instructed special plant protection services to protect arsenals, FACTORIES and storage depots against sabotage.

The Army and Navy announced casualty lists will be withheld from publication in order to avoid giving aid to the enemy in determining where and when and how many losses the U. S. sustained, Families of casualties, however, will be notified whenever possible.

"THE TONIC PURGE OF WAR".

* * * *

Ugly as wars, this newest war has already done the United States incalculable good.

For example: there has been a fusion of Republicans and Democrats in Congress into an All-American party. Only a war could do that.

The A.F.L. and C. I. O. have buried the hatchet "for the duration" and jointly recognize the whole United States as their "jurisdiction." The way they were going "B.W." the labor squabbles were all but provoking a civil war. If "the duration" lasts long enough these rival groups may forget their differences, permanently.

There is not now a strike going on anywhere in the United States!

The America First organization gave up the ghost and dissolved during the first week of the war. Lindbergh and Wheeler both admitted "we are at war" — thus putting America First. Only war could have knocked out their well-meant, but distasteful, activities.

Harry Bridges — of all people! — urges the International Longshoremen to "hit the ball" and set up records in unloading and reloading cargo vessels. Only a war could bring such an abrupt right-about-face. At that, this country and the longshoremen themselves can get along elegantly without disturbances like Bridges. In most American circles Bridges is the most unpopular man on the Pacific Coast.

Thus "war hath its victories no less than peace" in remolding public sentiment overnight.

DISTINGUISHED MARKSMEN

* * * *

Most of our citizens are not aware that we have several distinguished marksmen, expert rifle and pistol shots right here in our Township. Legionnaire Marston Dassel and a Mr. Hunt at Newark PG&E substation, and several other local citizens hold medals under the National Rifle Association.

It is just possible these experts can head up marksmanship practice for the proposed Civilian Rifle Comanies. The Tangle and Twist club at Mission San Jose and the Newark Sportsmen both have target ranges right in our Township.

This is another one of the many defense activities to be handled through the Township Disaster Council, which begins rapid functioning Sunday with the electing of a permanent chief. (Note the title: **Chief.** A chief bears authority. This Township is weighted down now with chairmen of this and chairmen of that which is o. k. in peace time; but not now. In the absence of a mayor or police chief we need a Civil Chief "of the people" to govern "for the people."—Believe our Founding Fathers had some such idea 'way back in th beginning.)

* * * *

We have had nearly two weeks of grace, and a great deal has been accomplished. Pray that the stormy weather and dark skies continue — they are our greatest allies — in order to give us **time** to fully organize and be prepared.

The enemy will strike suddenly, when, as and if. The "where?" only the enemy knows.

There are still two local schools of thought: one group, in the minority, is convinced the crisis is serious and we must organize; the other group, at present still in the majority, feels equally sincerely that we are just undergoing a war scare and all this running around is just so much eye-wash.

When the first bomb falls on continental United States there will only be ONE school of thought: and that will include you, and you and YOU, and all of U. S. — W.W.

MORE SUBSCRIBERS WANTED!

* * * *

More Township residents should be receiving these semi-weekly issues of The Township Register to keep in touch with local self-help developments. At present this newspaper only reaches about ten percent, the best ten percent, but still only ten percent, of the Township's population. How many persons know how many newspapers are published in Washington Township, and when and where they are published??

This condition should be rectified and local residents should look to their home newspapers for exact local information. Let's come alive!

Governor Olson — "The sentiments of the United States would be better represented if we withdrew our recognition of the Vichy government and recognized the De Gaulle Free French movement."

FUN ON THE SIDE . . .

When Honolulu Naval authorities contacted the brave defenders at Wake Island after the first attacks started and asked: "Is there anything yon want?" A Marine answered: "Yes, SEND US MORE JAPS"! This bold saying will make Marine history.

Since the Navy's prohibition of daily papers publishing weather forecasts, weather bureau officials have become "Whether Men." They cannot publish what the weather will be until it has been, thus making their forecasts into "hindcasts". Which brings up the question: do weather prophets profit by the weather, whether or or no? The answer is: twice a half.

An eastern composer says he hopes the war wil develop a "singable" national anethem to take the place of the popular but difficult Star Spangled Banner. He suggests the public sing The Battle Hymn of the Republic (which has a religious theme) until the war develops something better.

When a flapper was asked if she had had any experience with sailors she archly replied: Oh, gobs and gobs!

The Oakland Tribune on Wednesday published action pictures of Tuesday's storm damage in Wednesday's paper under the apologetic caption "Yesterday's Pictures Today — On Account of Because" . . When the big dailies can publish TOMORROW'S pictures today we will have something!

The E. H. Frick Plumbing company is among the Niles business firms which has decorated and lighted a pretty Christmas tree in its place of business.

The Central Bank at Niles has decorated and lighted in solid red bulbs its usual beautiful Christmas tree in the lobby of the bank building.

Mrs. F. C. Grau, Niles chairman of registered nurses on Tuesday had located 56 camp cots in Niles alone, for emergency use. Mrs. Grau is hard at work in her department.

The re-organized Newark Chamber of Commerce met Tuesday night in the home of S. G. Scott at Newark and continued its work of reorganization.

Rees Drug Store at Niles has a gaily lighted window showing an attractive display of colorful Christmas merchandise.

A Decoto grocer reports a run on sugar in his store by local Mexican residents. The wholesalers have limited the grocer's supply so the grocer is limiting his customers' supply to the usual normal amount.

Dick Attinger of Niles, former service station operator, is now working ni the maintenance department of the Westvaco plant at Newark.

A jolly Christmas luncheon party was held by the members of the Niles Rotary club Thursday noon at the Hotel Belvoir.

Tony Santos of Alvarado enlisted in the California State Guard Monday in Oakland. He was immediately issued a uniform and equipment.

Red and silver "Merry Xmas" signs on the doors now greet customers at the El Pajaro Beauty Shop in Niles.

The glass street window and door of the Niles office of the Pacific Telephone and Telegraph company have been permanently blacked out with paint. Light is being used in the interior by day as well as night.

The Township Coordinating Council held a jolly Christmas meeting Wednesday noon in the high school cafeteria. Gifts were exchanged and a luncheon was enjoyed.

Copies of every edition of The Township Register may be sent to service men anywhere in the United States at a cost of but $1 per year, payable with order.

Friday afternoon the Ladies Guild of Corpus Christi Church gave a Christmas party for the Sunday School children.

The Junior Red Cross of Washington Union High School is having a magazine drive this week for the soldiers at Camp Roberts. Those serving on the committee are Rosaline Daviner, Beatrice Dutra, Dorothy Freitas and Marjorie Brunelli.

Niels Neilsen, formerly of Niles is at present at Fort Mason. He was a visitor in Niles last Sunday.

Mrs. J. W. Boylin and son Robert of Yorba Linda are visiting Mr. and Mrs. Edward Ellsworth over the holidays. Mr. Boylin is expected to join them here later on.

Mrs. C. B. Overacker left on Monday for Healdsburg, Lakeport and Kelseyville where she will give a series of talks for garden clubs. Mrs. Scudder received a cable from her son Doremus who is in the naval service at Pearl Harbor announcing his safety.

Mrs. E. C. Kennard is visiting at the home of her niece, Mrs. W. A. Garner in Hayward.

HOW ABOUT CIVILIAN RIFLE COMPANIES??

Ernie Frick of Niles, a member of the Newark, Niles and Washington Township Sportsmens Clubs suggests that every man possessing a .30-.30 or similar high powered rifle, register his name and calibre of his weapon with a given leader in each town.

In the event of a parachute invasion or fifth column uprising Frick says a group of such men, organized into volunteer rifle companies in each of our eight communities could be of effective use in such an emergency. As disorganized individuals they could only serve as snipers and would not be as effective.

Do the presidents of the Township, Newark and Niles Sportsmens club and the Tangle and Twist Club at the Mission want to go ahead with this activity? If so, get clearance from the Chief of the Disaster Council after he is elected Sunday at Centerville Justice Court.

His name will appear in another Extra of The Township Register next Tuesday. (Better subscribe, folks, and keep in touch with Township developments for 'time is the essence of contacts" just now.)

Meantime Frick suggests owners of high-powered rifles lay in ample stocks of ammunition while shells can be had . . just in case.

MRS. WILLIAMSON WORKS ONLY FOR THE TRIBUNE

The impression somehow still exists throughout this Township that Mrs. Gladys Williamson, Oakland Tribune correspondent, has some connection with The Township Register.

Mrs., Williamon kindly gave your new editor invaluable assistance in getting started when he took charge here early last year. Meantime this busy lady is solely in the employ of The Oakland Tribune and is under no obligation whatever to relay or deliver local news to The Township Register.

Quite the contrary, it is not customary for reporters on one newspaper to give news to reporters of another newspaper. Therefore, local parties or organizations desiring to have releases published in this newspaper should send such information, preferably typewritten and mailed or delivered to the Register office at Niles.

The Register will publish twice weekly until after the New Year and is most anxious to publicize any local news and announcements of public interest. Thank you. — The editor.

Mrs. J. Ferry had a turkey dinner on Thursday for those who were formerly members of a sewing club. Present were Mrs. May Moore, Mrs. Annie Murphy and Mrs. Macey of San Francisco; Mrs. Charles Law of Hayward, Mrs. Mary Bernard, Mrs. Isabelle Cahill, Mrs. Rose Fournier and Mrs. Ethel Fournier of Niles. Mrs. Ferry was assisted by her daughter, Mrs. George Ferrell of Denair.

The Friendly Sewing Circle held a meeting Monday afternoon at the home of Mrs. Anne Stanhope. Mrs. Beatrice Fournier and Mrs. Jennie Mohn assisted in serving.

Byron Kennelly who has been transferred to Merced from Moffett Field visited his parents over the week end.

Wednesday evening the Ladies Guild of Corpus Christi Parish gave a Christmas party for the altar boys of the Niles and Decoto parishes at the parish house. Miss Gertrude Keller was in charge of arrangements.

Misses Margaret Williamson and Julianne McDonald are home from the University of California for the holidays.

The Orient Chapter of O. E. S. will have installation Saturday evening at the Masonic Hall in Centerville.

WITH STATE GUARD

NEWARK — Louis Calderia, Jesse Johnston, Alex DeKnoop, and Corporal James Collins of the California State Guard of Oakland reported to their posts Sunday evening, December 7 to patrol the Oakland-San Francisco bay bridge and help drive army trucks that transported hundreds of army men from Oakland to San Francisco. These men have been on duty at least twelve hours per day since their call Sunday.

"STATE GUARD" IS NOT "HOME GUARD"

The California State Guard has been organized to take the place of the California National Guard, which was called in to regular Army duty last year. The State Guard is under the orders of the Governor and the Attorney General.

There is no "home guard" of any kind now in existence in California. During the last war middle-aged men not eligible for military service, formed a volunteer corps for local police duty and called themselves the "home guard" because they guarded civilians' home facilities such as water and light plants, etc.

Units of the State Guard are now on active guard duty and are armed and equipped to resist invasion if ordered to do so. They are regular soldiers of the State, rather than the Federal Government and can scarcely be called a "home guard."

The Newark Sportswomen Club held a Christmas party at Butler's Hotel Wednesday evening. Games were played and Christmas gifts were given out. A turkey dinner was held with Mrs. Maude Butler, Mrs. Ora Raber, Miss Merle Landis, and Mrs. Mary Machado helping with the servings.

A birthday party was held Saturday evening at Butler's Hotel in honor of Miss Merle Landis. Refreshments were served and games were played. Many beautiful gifts were received. She is planning to spend a three weeks vacation at Oregon visiting relatives and friends.

Plans are being made for the New Year's Eve dance to be held at the Newark Pavilion. Music will be furnished by Jack Kolln and his orchestra.

The start of the second half of the Southern Alameda County Division Winter League was held back Sunday when all games were cancelled due to heavy rains and wet grounds. The Newark Sportsmen's baseball team under the management of Henry Nunes was scheduled to play the Hayward Acorns at Newark.

The Newark Boy Scouts were mobilized Tuesday evening at the Newark school. They are going to serve in communications to take and bring messages. They are being commanded by Richard Texeira, scoutmaster and Clark Wilson, assistant scoutmaster of Centerville.

Many Newark men have volunteered their services to assist the American Legion of Washington Township in patrolling the Pacific Gas and Electric substation near Newark each night.

The free dance given Saturday evening at the Newark Pavilion by the management of the park turned out to be a financial success, despite the air-raid alarm given early in the evening. The committee wishes to thank all those who helped to make this dance a success.

A surprise birthday party was held this week for Alfreda Seidler of Newark. The party given by Mrs. R. A. Jolly celebrated Miss Seidler's tenth birthday. Refreshments were served, games were played, and many beautiful gifts were received Those present were Gertrude, Sonny, and Herbert Untied, Rosemary Trinidade, Noney Beck, Betty Pierce, Jeanie Doorley, Anna Mae Pierce and Mary Allen Webster.

Newark along with other towns in Washington Township has formed an emergency nursing corp. All meetings have been held at the Health Center in Centerville under the direction of Mrs. Edward A. Westphal. About five women of Newark have volunteered their services.

Many Newark men have enlisted in the Washington Township State Guard during the past week. They are now training twice a week at the High School gymnasium in Centerville.

The new American Red Cross drive for the benefit of American soldiers will begin in the near future. All homes and business places will be contacted. This drive was announced by President Roosevelt, and it has been discussed here at a local Red Cross meeting held Wednesday evening at Newark.

Clarence Martin, who was guarding Boulder Dam for quite sometime, is now stationed at Fort Mason in San Francisco patrolling the Oakland-San Francisco Bay bridge. He visited here with relatives Monday.

Mrs. Jess Cowen of Concord and Mr. and Mrs. Ralph Bangle of Newark were dinner guests of C. E. Kitchel of Hayward Saturday.

Mr. and Mrs. Tony Martin, Mrs. Frank Nevis, Bert Martin, and Mrs. Donald Maciel spent Friday at Fort Mason in San Francisco visiting Private Clarence Martin.

Chief Joe Pashote attended a meeting of the County Civilian Defense Council at the District Attorneys Office Tuesday afternoon in Oakland. Matters in regard to Civilian Defense were discussed by various officials of the county.

Last Wednesday evening a meeting was called by the Washington Township fire chiefs to discuss the air-raid signals as adopted by the County Civilian Defense Council. Some members of the Sheriff's office and Sheriff Gleason of Hayward were present to explain the air-raid signals.

The Women's Improvement Club met Tuesday evening at the home of Mrs. Jim Hardy. A Christmas party was held following the raviolli supper.

The Newark Fire Department was called out to extinguish bonfires Wednesday evening near Pattersons ranch. This was their first call with their new White 500-gallon pumper purchased recently from Oakdale. The same evening Chief Pashote received a call to investigate an incinerator fire raging in the backyard of a resident's home one-half mile from the fire station.

The Newark Fire Department and the Ladies Auxiliary of the department each held their regular meeting, Monday evening, December 8. It was voted at the meeting of the firemen that two men changing shifts during the night would volunteer their services each evening at the fire station during the national mergency.

The Newark Bluebird Christmas party was held Friday afternoon for the entire student body at the Newark Grammar school. An operetta by the first four grades, songs by the Glee Club, and orchestra selections made up the program Later Christmas gifts and candy were distributed to the children.

Frank R. Silva was rushed to the East Oakland hospital in the Chapel of the Palms ambulance Monday morning. He was immediately operated on for appendicitis.

OFFICER TAKES CHARGE OF GUARD DRILL

CENTERVILLE — J. L. Pearson of Niles, formerly with the U. S. Army in the Philippines, now a Second Lieutenant in the U. S. National Guard, awaiting call into service, on Monday assumed full charge of drilling the 54 men and young men on the floor at the High school gymnasium for the 15th. drill night of the Washington Township Provisional Rifle Company, California State Guard. The Lieutenant's welcome assistance is temporary and voluntary.

Intensive drill was given in interior guard duty, facings, squad and platoon close order drill. Karl Nordvik and "Bill" Gastelum, both of Newark, assisted the Lieutenant with the drill.

Five more Japanese-American citizens of Washington Township signed the roster and began drill, bringing to 10 the number of local Japanese-Americans now signed up with the Company. Some of the latter are in deferred classifications of the draft and are taking advantage of the opportunity to drill in advance of being called into service.

Drill, being held twice a week since war started, was held again Thursday night with Lieutenant Pearson in charge. The company was broken up into a Niles, a Newark and a Central platoons for more rapid handling.

The company's 16th. night of drill was held Thursday evening a usual with Lieutenant Pearson in charge. Following the dismissal of the Company at 9:30 o'clock the first special Non-Commissioned Officers school was held for half a dozen hand-picked members of the Company.

CALL FIRE HOUSE

NEWARK — The public is instructed to contact the Newark Fire Station evenings as there will be firemen on duty for information and they will receive and send out air-raid signals for a blackout. The Newark Fire Station has been selected as the center for receiving and sending out air-raid signals by sounding blasts of the siren. They will be instructed to notify all manufacturing plants, who were unable to receive the air-raid warnings heretofore.

Red Cross Activities

(By the Chairman)

CENTERVILLE — The declaration of war on Japan and her allies found the Washington Township branch of American Red Cross prepared and ready for action. At the meeting held several months ago under the direction of the County Disaster Relief Committee, the following Committees were appointed:

Nurse, Mrs. Edna Ebright, chairman, medicines and hospitals.
Law and Order, Amerian Legion, John E. Dutra, chairman.
Transportation, George Bonde, chairman.
Finance, F. T. Dusterberry, chairman.
Communications and Boy Scouts, Wm. Lindsay, chairman.
Food, M. D. Silva ,chairman.
Public Utilities, A. J, Petsche, chairman.
Clothing and Shelter, Chas. Wauhab, chairman.

A meeting held at the Health Office in Centerville on December 18, was directed by Mrs. Ebright, the general nurses chairman for the Township. Various graduate nurses and others were present including Miss Harris head of Alameda County nurses association. Women were appointed and accepted the responsibility of organizing the service in the various communities. Their names and town are listed elsewhere in this issue.

Mr. Dusterberry, chairman of the Red Cross reported that he had brought a cabinet of emergency supplies from Oakland headquarters and that duplicate cabinets would be made by Mr. Frits Waltenberger free of charge and that one would be placed in each school; that stretcher poles were being made and would be available in a few days. The chairmen of the various town groups have effected their local organizations and are listing all available beds, clothing, etc. The chairmen of other committees are assembling the data in their respective departments.

The Red Cross has gone into action, without fanfare so that people will remain calm, but are ready to take charge and assume the responsibility intrusted to it by the federal government, should occasion require.

San Francisco has 4000 acres devoted to recreation, including parks, golf courses, swimming pools.

DEPARTMENT AT NEWARK ADDS TWO MOR EMEN

(Special to the Register)

NEWARK — Chief Pashote and the Newark Fire Commissioners met last Wednesday evening at the Newark Fire Station to increase the peronnel of the department. The following two men Joe Calderia and Frank Gygax, were selected from a list of twenty-one to serve as regular firemen. The Compensation Insurance Company was notified to cover two additional members of the department. They will be initiated on Monday evening, December 22.

The Department will also hold installation of officers for the coming year. Those to be installed are Tony Martin, President; Jake Springer, vice-president; Manuel Santos, secretary; and Orland Meneze, treasurer.

SHERIFF'S DEPUTIES TO SERVE AS DEFENSE WARDENS

Red covered booklets entitled "Information for Civilian Defense Wardens" reached emergency officials in our Township Wednesday and were eagerly grabbed up.

In the absence of a separate corps of Civilian Defense Wardens, as the larger cities have, the Township's 120 Sheriff's Deputies will assume Warden's duties during black-outs, according to the best information obtainable here.

SPECIAL SESSION

SACRAMENTO — Governor Culbert Olson has called a special session of the California Legislature to convene here Friday morning at 11 o'clock for the express purpose of.. appropriating an expected sum of $40,000,000 to arm, equip and pay the 25,000 members of the California State Guard. ..An added $10,000,000 will be asked for general.. State Emergency Defense use, according to report.
